
Title: Legendary Sea Creatures

Author: Cpt. Piddlewash

In thee sacred trust
I be bestowin' our
knowledge. Ne'er afore
hath sailor nor wench
set down in pen the
secrets o' Sosaria
fishing. Tis only by
the will o' the Order
of the Dragonfish
that I do.

Tis now up to you
to protect this
knowledge and earn
the trust o' the
Order. This knowledge
can make ye wealthy.
Guard it well.

Legendary Fish
Abyssal dragon fish:

In the bottomless
wells o' Destard
lurk many dangers.
Some say a black
dragonfish swims
there.
Black marlin:

Somewheres, out in
the deep waters o'
Felucca, sailors
say they caught
a black marlin
but it got away.
Blue marlin:

An old sailor once
told me that he saw
a blue marlin leap
from the seas o'
Trammel. This hath
ne'er been confirmed.
Dungeon pike:

A journal was found
in the Terathan Keep
by a pile o' bones.

The late fisherman
claimed that he had
caught this fish thar.
Giant samurai fish:

Tokuno fishermen tell
stories of ancient
samurai fish o'
legendary size. None
o' their stories have
ever been confirmed.
Golden tuna:

This fish be only
known in myth. But
some believe they
exist in the deep
waters o' Tokuno.
Winter dragonfish:

The Ice dungeon holds
many mysteries, most
of them will kill ye.
But there be a legend
of a dragonfish that
rules the rivers thar.
Kingfish:

The kingfish be
extraordinarily rare.
They say that Lord
British caught one
once, but this ne'er
was confirmed.
Lantern fish:

This fish be said
to live in the Prism
o' light. However
like many legends,
it has never been
confirmed.
Rainbow fish:

The elves tell a
tale of a princess
who fell into the
river of the Twisted
Weald and was eaten
by this elusive fish.
Seeker fish:

The story o' this fish
is that it wandered into
the Labyrinth of Malas
and became lost. 'Tis an
odd story with many holes
but it might be thar.

Spring dragonfish:

Before one was caught
by Mistress Kegwood in
Ilshenar, these were
unknown. It hangs in
the secret hall o' the
Order of the Dragonfish.
Stone fish:

The stone harpies worship
a great Stone fish they
say sleeps at the bottom
o' the sea in the Lost
Lands. Many of our order
seek to catch it.
Zombie fish:

'Tis said that there be
an Undead fish in the
waters o' Malas. Some
say it be an unholy
experiment, some say
it be a lie.

Legendary Crustaceans
Blood lobster:

In the depths o' the
dungeon Shame this
strange creature be
said to lurk. Some
say it feeds on the
blood o' the fallen.
Dread lobster:

'Tis said that this
lobster is the reason
monsters don't go into
the waters of Doom.
Tunnel crab:

This creature be said
to live in the
Underworld beneath
Fire Island. 'Tis a
goblin legend so 'tis
a bit suspect.
Void crab:

Some old fishermen in
Ter Mur say that they
have seen a crab that
resembles a void demon
in the rivers. This has
not been confirmed.
Void lobster:

The goblins o' the Stygian
Abyss tell o' a creature
that looks like a cross
between a void demon and a
lobster. They say it lives
in the lava therein.
